

# ***We move your world***

*Products and services of F. W. Neukirch*

**F.W. NEUKIRCH**  
INTERNATIONAL FORWARDERS

# At our company we take customers to centre stage

*We move your world: At F.W. Neukirch everything turns around transport and logistics. And every time the special world of each individual customer takes centre stage at the company.*

We are a modern medium-sized company with international adjustment. This means for you: Quick decision-making and qualified personal contact persons in combination with a worldwide network and individual designed services from one source along the value-added chain. This makes our clients successful since more than 200 years.

#### **The Neukirch group disposes:**

- own, 75,000qm working area in Bremen
- 40,000qm storage and handling area
- a computer-aided automatic warehouse with 20,000 pallet storing space as well as handling and production areas on a total area of about 30,000 sqm
- certificated high-class management according to ISO 9001:2000, GMP+ and SQAS
- own specified vehicle fleet

## **Always on board: high performance.**

Areawide networks, effective system traffic with carefully selected partners and reliable customs clearance: At Neukirch you get transport capacities with high performance – not only by road. With our quick connections between the international procurement and sales markets you can plan your streams of goods by sea, air, heavy lifts and dangerous goods exactly.

## Road transport

With a thick and well coordinated transport network we open flexible possibilities for your goods in Germany and throughout Europe – daily as charter or in direct transport, by truck or in combined traffic.

### Our services:

- European wide part and full-load traffic
- Organisation of Round-trip-traffic and project transports
- Organisation of combined transports
- Individual acceptance of express deliveries and direct transports
- Own megatrailers up to 14,90m length under tarpaulin
- Auxiliary service (loading, unloading, storage, distribution etc.)
- Customs clearance
- Customer link „Order race“ (web-based transport order)

## Tank transports and liquid transports

Even in the special segment of tank transports and liquid transports F.W. Neukirch offers economic all-in-one solutions from one hand for you.

Our subsidiary company Friedrich Radermacher Spedition GmbH (located in Essen) is a proven expert in this field – with a high specification for chemical transports.

### Our services:

- Extensive vehicle park for liquid transports (certified according to EN ISO 9001:2000 and SQAS)
- 24/ 7 reachable dispatch
- Transportation of dangerous goods
- Multiple-chamber system for part load transports
- European-wide transports

## Seafreight

The sea way offers safe and especially economic possibilities for your goods. Together with our long-standing sea cargo partners and our worldwide agent's network we coordinate intermodal transport chains for LCL, FCL, heavy load and dangerous goods, also individually in the door-to-door-traffic.

### Our services:

- Consolidated cargo from and to all important economic centres of the world
- World-wide transport of LCL (door-door transport) with customs clearance and additional services at the place of departure or destination
- World-wide door-door transports for FCL
- International Special transports and Plant transports
- Realisation of world-wide Ro-Ro transports
- Covering of transport insurance
- Organisation of transport packaging
- Electronic data exchange (DFÜ/ BHT-Dakosy-Atlas)
- Customs clearance in all forms

So that borders do not become hurdles, we realize not only the organisation of detailed transports for you, but also all tasks during customs clearance (export and import).

- World-wide organisation of LCL-shipments and containers
- Preparation and clearance of bonded transports including provision of guarantee
- Presenting your goods at customs terminal
- Online data exchange with customs authorities (ATLAS)
- Customs clearance in the recipient countries
- Transferring of shipments to the stipulated customs office as bonded goods
- Open bonded warehouse
- Intrastat registration
- NCTS/ New Computerized Transit System

## Airfreight
